

The aims of the conference are to:

- ✦ Present the latest information concerning the nature and management of pain
- ✦ Evaluate current provision of pain services for people in Berkshire West
- ✦ Help WBNA develop a policy on pain management

living with pain
Understanding pain
GAIN CONTROL OF YOUR PAIN
successful pain
management

TO REGISTER - CONTINUED

I wish to attend the following 20 minute lunchtime taster sessions:

Session 1 (12:30) First choice	<input type="text"/>
Reserve choice	<input type="text"/>
Session 2 (13:30) First choice	<input type="text"/>
Reserve choice	<input type="text"/>

Please state your order of choice as **Myofascial, Hypno** or **Tai Chi** in the spaces above as appropriate. Strike out if you prefer not to drop-in to a taster session. Due to popularity of some sessions we cannot guarantee your choice and we may have to move you to your reserve selection.

Please enclose a cheque for the amount made payable to "West Berkshire Neurological Alliance"

Please send this completed form with payment to:
WBNA, Goran, Bucklebury Alley, Cold Ash, Thatcham
Berkshire RG18 9NJ

to arrive not later than 6th July 2009

Any surplus funds raised from this conference will be used to support the work of West Berkshire Neurological Alliance.

*Accreditation applied for at time of going to press

WBNA

WEST BERKSHIRE NEUROLOGICAL ALLIANCE

Charity Number 1081021

Representing all people in Berkshire West affected by a neurological condition

THE CONFERENCE VENUE

Arlington Arts Centre is located in the grounds of the Mary Hare School, Snelsmore Common, Near Newbury. It is only 5 minutes from the M4/A34 interchange and adjacent to the B4494. For full directions see www.arlingtonarts.co.uk

Please take part in our PAIN SURVEY at: www.wbna.org.uk

West Berkshire Neurological Alliance wants to determine the unmet needs of people living with a painful condition in Berkshire West. We would like you to complete our survey and tell us how you cope, and the pain services you use. Please help us to formulate our policy on pain management. The results of this survey will be released at our conference and published on our website.

Please login to www.wbna.org.uk and click the link to go to the survey form. The survey will take only a few minutes to complete and your contribution will be greatly appreciated. We will report the results of the pain survey at the conference then make them available on our web pages.

Thanks to Greenham Common Trust and Berkshire West NHS for financial support for this conference and Publicity Project (Newbury) Ltd for design work.

One day accredited* conference

A one day conference on
managing pain for the
professional and the patient

Thursday 9 July 2009

9.00am - 5.00pm

SPEAKERS

DR STEPHEN ALLEN

Works in the Pain Relief Unit in Oxford and has a special interest in Neuropathic Pain. Consultant at the Royal Berks Hospital for over 28 years, he set up the chronic pain clinic, a large multi-disciplinary unit of national status.

PROFESSOR CHRISTINE COLLIN

Senior Consultant and Head of Rehabilitation Medicine, Royal Berkshire Hospital, Reading. Directs the acute in-patient neuro-rehabilitation unit with a large out-patient practice dealing with all aspects of neurologically-disabling disorders.

DR HENRIETTA ELLIS

A registrar (ST3) Spinal Injuries/Rehabilitation at the National Spinal Injuries Centre, Stoke Mandeville Hospital, Buckinghamshire. A background in general practice, currently studying for a Master's in Pain Management.

PROFESSOR RALPH GREGORY

Neurologist and lead for Parkinson's disease and related movement disorders at Royal Berkshire NHS Foundation Trust in Reading and Oxford Radcliffe Hospitals. Main research interest is Functional Neurosurgery.

DR NADINE HOBRO

Consultant Clinical and Health Psychologist in Reading. Works within inpatient and outpatient acute hospital services including pain management, and palliative care needs.

EVA KOSKUBA

Chinese Internal Arts Association/Taiji and Qigong Project in the Elderly Care Unit, Royal Berkshire Hospitals NHS Trust, co-author with her husband of *Tai Chi for Every Body* (Readers Digest)

DR ANDREW LAWSON

Consultant in Pain Medicine, Royal Berkshire Hospital Reading; Honorary Senior Lecturer in Medical Ethics, Imperial College Faculty of Medicine London and Visiting Fellow in Philosophy, University of Reading

PENNY LILLEY

Neurophysiotherapist with a wide experience treating patients with various neurological conditions. A Botox injector involved with clinical trials also lectures on subjects such as 'foot drop'.

LINDSEY MIDDLEMISS

Founder and Chair of FibroAction, a registered national charity dedicated to providing up-to-date information about Fibromyalgia Syndrome. Has Fibromyalgia Syndrome and is a champion of patients taking control of their own healthcare.

SUE PERRY

ITEC qualified and advanced body work therapist, specialising in myofascial release techniques and ergonomics, with years of experience helping patients with chronic pain to manage better their symptoms.

SPEAKERS

DR MARK RITCHIE

General Practitioner in Swansea with a specialist interest in chronic pain management. Member of the RCGP pain group, the Welsh pain advisory board and the BPS Working Party on management of persistent pain. He started his career as a mechanical engineer and later moved into medicine with a specialism in anaesthetics.

KEVIN STILL

Co-Principal of the Royal Berkshire College of Clinical Hypnosis. Practises as a hypnotherapist, psychotherapist and NLP practitioner, as well as running his own practice in Reading.

DR KATY VINCENT

Clinical Lecturer in Obstetrics and Gynaecology at Oxford University researching the influence of hormones on experimental pain perception at the Centre for Functional Magnetic Resonance Imaging of the Brain.
